Lac LaBelle Outfitters 2004 Bear Hunt

\$1,195.00 per hunter

Hunt the most rugged and remote terrain Michigan has to offer, the Keweenaw Peninsula. This is truly a full service hunt, where bear hunting is a passion, not just a business. The Outfitters spend all year planning each hunt so no detail is overlooked. Baited bear hunts involve much more than just putting down the food and waiting for a bear. Lac LaBelle Outfitters have the experience and knowledge, and are willing to go the extra mile to guarantee a most memorable hunt.

Our 2004 Hunt Includes:

- 7 night stay in our bear lodge
- 6 day hunt
- Multiple baited sites for each hunter
- 2 meals a day in our restaurant
- Recovery & skinning of your bear
- DNR seal with harvest
 (We are a DNR check in station)
- Meat processing on site

We have a DNR licensing machine for your convenience and we are also a DNR check station to seal your bear.

Zach & Cathy with her 275lb bear

Required Gear

- Firearm or Bow
- * Rifles .30 caliber or larger recommended
- 2004 Bear Tag
- Helmet (if riding ATV)
- Large coolers to transport meat home

Recommended Gear

- Scent proof clothing, including boots
- Rain gear
- Binoculars
- GPS, compass
- ATV or 4-wheel drive pickup
- *Our baits are very remote and best accessible with 4 wheel drive vehicles. However, some bait is accessible with 2-wheel drive.
